粉虱、蜘蛛等

Inhibits pest resistance  
and terminates pest  
propagation.

抑制害虫抗药性并中  
断害虫繁殖和生长

## Eden Hand Spray: Dosage and Directions for Use:

### 植物护理剂使用须知:

1. First usage - remove the **yellow** clip below the nozzle head, To use, simply rotate the square nozzle to the spray state.

新品在使用前，将喷头下的**卡扣拔掉**，  
然后将方形喷头旋转至喷洒状态即可使用.

2. For best results, **shake well** before use every time so that you will achieve a fine uniform spray.

每次使用前用力摇晃瓶子，使喷出的雾液  
细密均匀，效果最佳.

3. Do not add water to further dilute solution, which will otherwise affect the product's efficiency.  
**切勿加水**再次稀释使用，否则影响产品效果.

4. Secure the **yellow** clip back when not in use.  
Store bottle in a cool dark place and avoid long term direct exposure to sunlight.

不用时将卡扣放回，放置在阴凉、  
避光处，切勿长期阳光直接曝晒.

5. Make sure that the spray covers all parts of the plant, including both surfaces of the leaves, as well as the stems and roots around the soil. Avoid direct spraying on petals and stamens.

确保喷洒覆盖绿植的各个部位，包括**叶片正面和背面、  
茎部和根部周围土壤**，避免喷洒花瓣和花蕊.

6. For better efficiency, spray the plants after they have been watered. Once a week frequency will be ideal.  
**浇水后再喷洒效果更佳，每周喷洒一次.**

7. For outdoor plants, avoid spraying two hours before rain.

对于室外绿植，避免在  
下雨前两小时内喷洒.
